AI CONSULTING ENGAGEMENT AGREEMENT

This AI Consulting Engagement Agreement (the "Agreement") is entered into by and between Verdant Loop AI Consulting, LLC, a Colorado limited liability company ("Verdant" or "Consultant"), and the organization signing below as client ("Client"). Consultant will help Client plan, build and roll out large-language-model assistants and automation over Client's internal knowledge.

1. Scope of Engagement. Consultant will provide the artificial intelligence automation, workflow design, data integration and knowledge-graph services described in this Agreement and in each statement of work signed by the Parties (each, an "SOW") (collectively, the "Services"). The Services may include discovery workshops, process mapping, design and configuration of automated workflows, ingestion of Client's documents and records into a knowledge graph, configuration of retrieval and question-answering features, user training, and ongoing monitoring of the deployed solution (the "Solution"). Consultant may engage subcontractors to perform parts of the Services, provided that Consultant remains responsible for their performance and for their compliance with this Agreement.

2. Client Data. Client retains all right, title and interest in the documents, records and other materials that Client or its users submit to the Platform ("Client Data"). Client grants Consultant a limited license to host, copy, process, transform and display Client Data solely as needed to provide the Services. Consultant will not use Client Data to train or fine-tune any general-purpose machine learning model made available to other customers. Consultant may use aggregated, de-identified usage statistics to operate and improve the Platform.

3. Model Outputs. The Solution uses machine learning models, including large language models provided by third parties, that generate outputs probabilistically. Outputs may be inaccurate, incomplete or inconsistent, and Client is responsible for reviewing outputs before relying on them for any decision with legal, financial, medical or similar significance. As between the Parties, Client owns the outputs generated from Client Data, subject to Consultant's rights in the Platform and in its pre-existing materials.

4. Fees. Consultant's fees are set out in the proposal accepted by Client and are billed monthly for time and materials at the rates in that proposal, plus approved expenses at cost. Invoices are due within thirty (30) days after the invoice date. Late payments bear interest at one percent (1%) per month or the maximum rate permitted by law, whichever is less. Fees exclude taxes, which Client will pay, other than taxes on Consultant's net income.

5. Support Plan. After go-live, Client selects the following support plan (check one):

- ☐ Standard support - business-hours email support, monthly model and prompt review
- ☐ Priority support - four-hour response, weekly evaluation report, quarterly re-indexing
- ☐ No ongoing support - Consultant's obligations end at go-live

6. Confidentiality. Each Party will protect the other Party's non-public business, technical and financial information that is marked or reasonably understood to be confidential ("Confidential Information") with at least reasonable care, will use it only to perform under this Agreement, and will disclose it only to personnel and advisors who need to know it and are bound by obligations no less protective than these. These obligations do not apply to information that is or becomes public through no fault of the receiving Party, that the receiving Party already knew or independently developed, or that it lawfully received from a third party without restriction.

7. Security. Consultant will maintain administrative, physical and technical safeguards designed to protect Client Data against unauthorized access, use or disclosure, including encryption in transit and at rest,

role-based access controls and logging of administrative access. Consultant will notify Client without undue delay, and in any event within seventy-two (72) hours, after confirming a security incident affecting Client Data, and will cooperate with Client's reasonable requests for information about the incident.

8. Intellectual Property. Consultant retains all rights in the Platform, its software, prompts, workflow templates, ontologies, connectors, documentation and know-how, including improvements made while providing the Services ("Consultant Materials"). Upon payment in full, Client owns the custom deliverables identified in an SOW as belonging to Client, excluding Consultant Materials.

9. Termination. Either party may terminate this Agreement for convenience on twenty (20) days' written notice. Either Party may terminate this Agreement on written notice if the other Party materially breaches it and fails to cure the breach within thirty (30) days after receiving written notice. On termination, Client will pay all fees accrued through the termination date, and Consultant will make Client Data available for export for thirty (30) days, after which Consultant will delete it.

10. Warranty. Consultant warrants that it will perform the Services in a professional manner consistent with industry standards. EXCEPT AS EXPRESSLY SET OUT IN THIS AGREEMENT, THE SERVICES, THE PLATFORM AND ALL OUTPUTS ARE PROVIDED "AS IS", AND CONSULTANT DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

11. Limitation of Liability. NEITHER PARTY WILL BE LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR PUNITIVE DAMAGES, OR FOR LOST PROFITS, REVENUE OR DATA, EVEN IF ADVISED OF THEIR POSSIBILITY. EACH PARTY'S TOTAL LIABILITY UNDER THIS AGREEMENT WILL NOT EXCEED THE FEES PAID OR PAYABLE BY CLIENT IN THE TWELVE (12) MONTHS BEFORE THE CLAIM AROSE.

Client initials: _____

12. General. This Agreement is governed by the laws of the Commonwealth of Massachusetts, excluding its conflict of laws rules, and the Parties submit to the courts located in Suffolk County, Massachusetts. This Agreement, together with each SOW, is the entire agreement of the Parties on its subject matter. Amendments must be in writing and signed by both Parties. Neither Party may assign this Agreement without the other's consent, except in connection with a merger or sale of substantially all of its assets. This Agreement may be signed electronically and in counterparts, each of which is an original and all of which together are one instrument.

The parties have signed this Agreement by their authorized representatives as of the later of the dates below.
